No. of Pages: 2 (Cover Sheet Included)DATE: July 21, 1999TO: SWYTAF Technical Committee (See List Below)FROM: D. Potter PHONE NO.: (307)777-7391

COMMENTS: The Division sent a letter to Joe Scire of Earth Tech on June 28, 1999. As a result of that letter communications with Joe have improved. The Division is now having biweekly conference calls with Joe to track progress on SWYTAF and is anticipating the submittal of all requested information by the end of July.

At this point the Division would like to schedule a meeting of the Technical Committee on either Monday, August 16 or Friday, August 20. The meeting would be held in Cheyenne from 9:00 a.m. to 4:00 p.m. Please reply by July 30 with your meeting date preference. The purpose of the meeting will be to discuss the information submitted by Earth Tech since mid-January and decide whether the final model run can be initiated.

On January 19th and February 8th the Division forwarded several items from Earth Tech for your review. Please check the list below and make sure that you still have all of these items. If you are missing any of these items please let me know by July 30.

1/19/99 Submittal to Technical Committee

- Area Source Sensitivity Tests (Plots Only)
- Technical Memorandum on Secondary Organic Aerosol modeling
- Technical Memorandum on Episodic Model Runs
- Initial Responses to 1/13/99 Technical Committee Questions (questions up to Source Grouping heading addressed)

2/11/99 Submittal to Technical Committee

- Inventory - Model Source Reconciliation
- Summary of Railroad Emissions in the SWYTAF Domain
- Current Status of Secondary Organic Aerosol Modeling (revised 1/25/99)
- Response to 1/13/99 Technical Committee Questions that pertained to Air Sciences received from Air Sciences (Also submitted directly by Air Sciences to the Division on 1/27/99.)
